

Accessibility Statement

SAMEC SRL is committed to making its website accessible in accordance with the principles of equality, inclusivity, and non-discrimination, in line with the provisions of Directive (EU) 2019/882 - European Accessibility Act and the WCAG 2.2 guidelines, level AA.

This accessibility statement applies to the website: <http://www.samecsrl.com/>.

Compliance Status

This website is partially compliant with the requirements set out in Appendix A of the UNI CEI EN 301549 standard, due to the non-compliances listed below.

Non-accessible Content

To date, the following elements are not fully accessible:

- **Attached PDF Documents:** Some downloadable materials (e.g., technical data sheets, certifications, catalogs) are not fully accessible to assistive technologies.
- **Text Structure:** Specifically, the textual structure (PDF tags) required for screen reader compatibility may be missing.
- **Alternative Descriptions for Images:** In some sections, decorative or informative images do not yet have meaningful alternative text (alt-text), making the content less accessible to users with visual impairments.
- **Keyboard Navigation:** In certain areas of the site, such as drop-down menus or image galleries, navigation exclusively via keyboard may be partial or unintuitive.
- **Color Contrast:** Some color combinations (particularly in buttons and text-on-background) may not meet the minimum contrast ratios required by WCAG 2.2, limiting readability for low-vision users.
- **ARIA Labels and Roles:** In some contact forms or interactive elements, aria-labels, aria-describedby attributes, or explicit semantic roles that facilitate understanding by screen readers are missing.
- **Unnotified Dynamic Messages:** Some user feedback (e.g., form submission confirmation, field errors) is not correctly announced to screen readers, limiting the perception of completed or requested actions.

SAMEC SRL is aware of these issues and has initiated a process of progressive improvement for its digital accessibility.

Preparation of this Statement
